ESTA PROPIEDAD SE ENCUENTRA UNIFICADA POR LA INTENCIÓN DETRÁS DE SU CREACIÓN — LAS RESIDENCIAS, ZONAS COMERCIALES Y CENTROS DE ENTRETENIMIENTO SE CONJUGAN COMO EXPERIENCIAS MAGISTRALMENTE DISEÑADAS EN UN CONTEXTO EN DONDE EL ESTILO DE VIDA HA SIDO MINUCIOSAMENTE CONSIDERADO — UN CENTRO URBANO ECO-CHIC QUE ACOMPAÑA EL ASCENSO DE MIAMI AL ESCENARIO MUNDIAL.

UN NUEVO CAPITULO EN LA HISTORIA DEL DESARROLLO DE MIAMI

Con espíritu innovador y artístico, Brickell City Centre se erige como el mayor logro de Swire Properties en sus 30 años de compromiso con el dinámico crecimiento de Brickell.

An aerial photograph of the Brickell City Centre in Miami, Florida. The image shows a dense cluster of modern high-rise buildings, including several towers with curved facades. The development is situated on a peninsula or near a waterfront, with a large body of water in the foreground. A prominent feature is a glowing blue digital overlay consisting of a grid of dots and lines, resembling a data network or a futuristic city grid, which is superimposed over the central part of the city. The overall scene is a mix of urban architecture and digital technology.

EL NUEVO HORIZONTE DE BRICKELL

Mientras los distritos de negocios, arte y moda de Miami se entrecruzan y mimetizan, hay una constante inigualable en el corazón de todo: Brickell City Centre. Brickell City Centre, en la soleada Miami, es el equivalente de Champs-Élysées en París o Roppongi Hills en Tokio — es un logro urbano superador e incomparable.

Destinado a convertirse en una sociedad en miniatura por sí mismo, Brickell City Centre está situado dentro de un sistema de transporte que ofrece fácil acceso al Aeropuerto Internacional de Miami, el Puerto de Miami, el Distrito de Arte de Wynwood, el Distrito de Diseño, teatros, museos de renombre internacional y famosos estadios deportivos del centro de la ciudad. En una ciudad conocida por asumir riesgos y romper moldes, este proyecto singular no es la excepción.

EN NINGUNA OTRA PARTE COMO AQUI

Con un diseño de vanguardia que tiene en cuenta el medioambiente, combinado con la experiencia y savoir-faire en el desarrollo de centros comerciales, Brickell City Centre es un proyecto extraordinariamente innovador, con una inversión de US\$1.050 millones, que imprime un nuevo ritmo urbano a Miami acompañándola en su ascenso al escenario mundial.

Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls, including common elements such as structural walls and other interior structural components of the building, and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is 1,265 square feet. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. La compañía comenzó a cotizar en el tablero principal de la Bolsa de Valores de Hong Kong en el 2012.

La clave de nuestro éxito radica en la escala y la visión de nuestras urbanizaciones que, con los años, han transformado las zonas circundantes en dinámicos barrios empresariales y residenciales.

Swire Properties se ha dedicado a la urbanización en el Sur de la Florida por más de 30 años, y goza de una envidiable trayectoria de logros empresariales, cívicos y ambientales a nivel local.

La combinación de un profundo conocimiento del mercado local con los dos siglos de experiencia global de nuestra compañía matriz, nos permite respaldar cada nuevo proyecto que emprendemos con formidables recursos financieros, de diseño e innovación.

Los beneficios de este enfoque se hacen evidentes tanto en la calidad como en la visión que caracterizan nuestra cartera de desarrollos en Miami – desde el santuario urbano integral de Brickell Key hasta Brickell City Centre, proyecto en construcción destinado a redefinir el centro cosmopolita de Miami.
